

CAR/BAY WASH HOSE (Cold-Water)

UBERFLEX® DROP HOSE

The patented ProPulse UberFlex® is a superior alternative to the standard rubber bay wash drop hose. Its innovative, durable, lightweight construction makes it ideal for self-service carwash applications. Providing the ultimate car wash experience and performance, UberFlex® has unmatched UV, ozone, chemical and abrasion resistance, supreme flexibility, overall ease of handling and is truly non-marking. The proprietary, matte textured cover is five times more abrasion resistant and up to 30% lighter than its equivalent counterpart.

NOT FOR HOT WATER OR STEAM
